INTRODUCTION

The local board of education has an obligation to provide its students with an activities program that is attractive, meaningful, worthwhile, and within the framework of the educational and organizational policies of the board. A well-designed activities program will enrich the quality of the curriculum, provide new learning experiences, encourage interest in classroom work, and strengthen morale and discipline. The opportunity for students to participate in the planning and execution of club activities is a life-preparation experience. ~~[Encouraging club treasurers to assist in the accounting procedures should be part of the fiscal management of activity accounts.]~~

Public trust demands an efficient system of accounting for all money received and expended through school activity fund accounts. The system of safeguarding and accounting for activity funds is dependent on the soundness and effectiveness of board of education policies and guidelines. The board has the responsibility of insuring accurate accounting for all accounts, as well as insuring activity funds are expended as intended ~~[by the fund-raising]~~.

The procedures contained in this handbook provide a method of uniform accounting for school activity funds as mandated by 702 KAR 3:130(3) and KRS 156.070. This handbook is incorporated by reference and becomes a part of the Kentucky Administrative Regulations. Use of the procedures in this handbook provides reasonable assurance that schools have properly accounted for monies realized through student and school activities. All transactions shall, at a minimum, be in accordance with the guidelines of this document, Accounting Procedures for Kentucky School Activity Funds, (Redbook) using the forms contained herein or equivalent. The equivalent must contain, at a minimum, the information listed on the forms, however, additional information may be added, if desired. Within the scope of its authority, a local board of education may enact a policy more restrictive than the procedures established in this handbook.

INTERNAL ACCOUNTS AND ACTIVITY FUNDS

The system of accounting described in this handbook is based on the assumption that each school activity program is organized and accepted as a part of the total school program. The following procedures must be followed when establishing an ~~[internal account]~~ activity fund:

1. Each school shall have one checking account and one school treasurer for all school activity funds. The only exception to having one checking account shall be when a school participates in charitable gaming. This checking~~[bank]~~ account is to be designated as the Activity Fund [Internal Account] and the school treasurer is to be the Activity Fund [Internal Account] Treasurer. Normally, the school secretary/account clerk serves as school treasurer. No student shall serve in this capacity. All checks written on the Activity Fund [Internal Account] shall contain the signatures of the principal or his designee, and the school treasurer. **The school treasurer shall be bonded.**
2. The school treasurer shall prepare an Individual Activity Fund Ledger for each activity fund using Form F-SA-12. All transactions are entered on the Principal's Combined Activity Fund [Internal Account] Ledger (Form F-SA-11) then posted to the appropriate Activity Fund Ledger. The Activity Fund [Internal Account] is to be reconciled to the monthly bank statement. The total of all Individual Activity Fund Ledger balances must equal the balance in the Principal's Combined Activity Fund [Internal Account] Ledger (Form F-SA-11).
3. Prior year balances shall be entered at the beginning of each fiscal year (July 1). The [L]edger and checkbook shall be maintained on a daily basis to ensure current balances.

INTERNAL ACCOUNTS AND ACTIVITY FUNDS

The system of accounting described in this handbook is based on the assumption that each school activity program is organized and accepted as a part of the total school program. The following procedures must be followed when establishing an internal account activity fund:

- ~~1. Each school shall have one checking account and one school treasurer for all school activity funds. This checking account is designated as the Internal Account and the school treasurer is the Internal Account Treasurer. Normally, the school secretary/account clerk serves as school treasurer. No student shall serve in this capacity. All checks written on the Internal Account shall contain the signatures of the principal or his designee, and the school treasurer.~~

All transactions are entered on the Internal Account Ledger (Form F-SA-11) then posted to the appropriate Activity Fund Ledger. The Internal Account is to be reconciled to the monthly bank statement. The total of all Activity Fund Ledger balances must equal the balance in the Internal Account.~~
- ~~3. Prior year balances shall be entered at the beginning of each fiscal year (July 1). Ledger and checkbook shall be maintained on a daily basis to ensure current balances.~~

BOOKKEEPING

POLICY:

1. All money collected by a teacher/sponsor shall be given to the school treasurer on the day collected.
2. Pre-numbered receipts shall be issued any time money is received, and all receipt numbers shall be accounted for.
3. Generally, all monies collected should be deposited on a daily basis. In the event that less than \$100 is on hand to deposit, smaller amounts may be held in a secure location until \$100 is collected. At a minimum, deposits shall be made on a weekly basis even if the deposit amount is less than \$100.
4. Personal checks shall not be cashed using cash on hand for deposit. The school is not a bank.
5. Charging a fee for checks returned for insufficient funds is permissible if such policy is clearly advertised.
6. An employee, other than the person preparing the deposit slips, shall verify that the amount on the deposit ticket agrees with the amount of receipts recorded in the ledger sheets and that the deposit ticket has been stamped by the bank. Discrepancies shall be reported immediately to the district finance officer.

PROCEDURES:

1. Teachers/sponsors/students shall use the Multiple Receipt Form (Form F-SA-6) or pre-numbered receipts when collecting money. A copy of Form F-SA-6 or a copy of the pre-numbered receipt shall be retained by the teacher/sponsor and the original ~~[a copy]~~ shall be given to the school treasurer.

Checks returned for insufficient funds shall be re-deposited on a separate deposit slip indicating negative and positive entries in order ~~[such, and NOT ENTERED AS A RECEIPT]~~. ~~[If returned checks are deemed uncollectible, the amount of the checks shall be entered as negative receipts in the ledgers]~~ to prevent receipts from being overstated. There ~~[They]~~ may be reconciling items on the Monthly Financial Report (Form F-SA-14). The returned checks shall be filed with the bank statements for audit trail. Districts may use collection agencies to collect checks deemed uncollectible.

PROCEDURES:

1. The principal or school treasurer shall issue tickets to the person in charge of sales for each event using the Requisition and Report of Ticket Sales (Form F-SA-1).

TRANSFERS

POLICY:

1. Transfers Between Activity Funds - Amounts may be transferred between activity funds **only by proper completion of a Transfer Form (Form F-SA-10)**. If, for example, a portion of athletic receipts is given to the band for their participation, an entry is made to reduce one fund balance and increase the other. Such a transfer does not affect the Activity Fund [Internal Account] and bank account balance. The sponsor of the remitting (paying) activity account, ~~the school treasurer,~~ and the principal shall sign the Transfer Form. The explanation on the Individual Activity Fund Ledger (Form F-SA-12) should state which account is affected and why.
2. Transfers from the Local Board - While transfer of local board monies to the school for any purpose is highly discouraged, the practice is a local issue. If a transfer is made, it should be clearly described in the Activity Fund [Internal Account] Ledger. If the money is restricted to a specific use, it should be posted to a new Individual Activity Fund Ledger for audit trail purposes.

BANKING AND INVESTMENTS

POLICY:

1. The Activity [Internal] Account shall be in a ~~[an interest bearing]~~ checking account at a Board approved bank. This cannot be a bank operated by students, such as the school bank.

2. Reconcile accounts and cash daily.
3. Never accept activity fund money as a receipt.
4. Sponsors cannot open accounts.

Gaming includes raffles, bingo, pull tabs, Monte Carlo nights, school fairs, etc. The licensing requirements for charitable organizations are found in KRS 238.535. A school may obtain an exemption from the process of applying for a license if it only conducts bingo, raffles and charity fund-raising events (school fairs) and gross receipts do not exceed \$25,000 per year. The school must fill out an application for the charitable gaming license or for an exemption from applying for the license prior to any charitable gaming activity.

If a school obtains a gaming license, it shall report quarterly to the Office of Charitable Gaming and pay a fee on its gross receipts. If a school obtains an exemption, it shall report gross receipts and expenses annually. The reports are available from the Office of Charitable Gaming or at <http://ocg.ky.gov>.
